

Cerniera per G.A. a collo lungo

Art.	Box	
164	50	

Descrizione

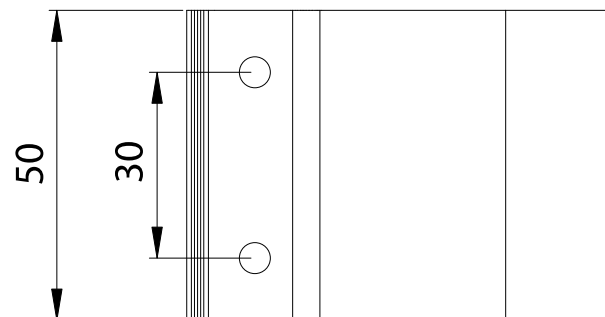

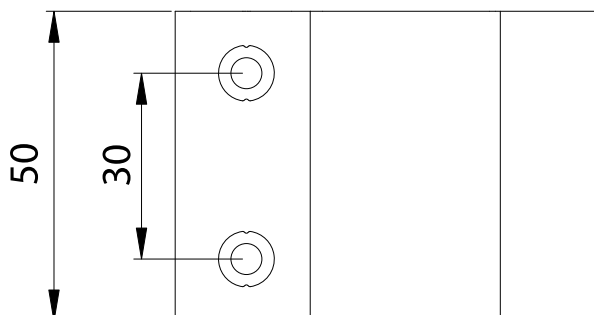

Cerniera in alluminio estruso reversibile per infissi a giunto aperto, forata e svasata, con ali prolungate che permettono, in apertura, un maggior distanziamento tra anta e telaio.

Boccole in nylon. Perno in acciaio inox o perno in acciaio con guaina in nylon e tappi.

Piastrine e viti in acciaio inox.

Finiture: grezzo, Colorazioni RAL, RAL Ox Argento, RAL Ox Bronzo, Elettrocolore medio o nero.

disegno tecnico

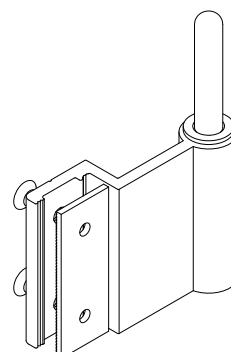

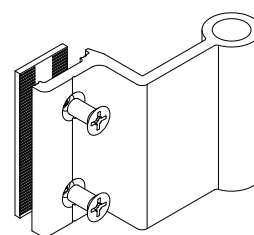

Reversible hinge made of extruded aluminium for open-joint doors and windows, with holes and flared, with extended leaves which allow, when opening, a greater distance between frame and door or window wing.

Nylon bushes and stainless steel pin or steel pin with nylon sheath and plugs.

Finish: Rough, RAL colours, RAL Ox Silver, RAL Ox Bronze. Medium or black electro-colours.
